Viewpoint Screening's Instant Database provides a quick, low-cost screening for use by staffing companies and background screening companies. The Instant Database combines multiple, powerful solutions into one unique search, which uncovers names, addresses and dates of birth as well as known aliases including maiden names.

Billions of public records are searched to discover and identify individuals' known aliases, past addresses and movement patterns through the address history report plus hundreds of millions of criminal, arrest and sex offender records using the Nationwide Crime Database.

- Combines multiple Viewpoint Screening tools into a single, powerful search.

- Using our Address History tool, search billions of records from hundreds of sources spanning up to 30 years of history and includes multiple credit header sources.

- Reveals telephone numbers and dates of birth, where available.

- Includes free verification against the SSA Death Master File (DMF) and confirmation of approximate state and year of issuance of the input SSN.

- Searches hundreds of millions of records in the Nationwide Crime Database, using proprietary similarity and probability scoring, providing unsurpassed precision and accuracy.

- Includes sex offender screening, terrorist watch list, and Innovative Criminal Extraction, our proprietary database containing millions of historical searches dating back more than a decade.
